ID 0600000000

No.: 968/FSP 2418.00/22

Product tested	Communication interface IC for battery management system	Certificate holder	Autosilicon Inc. Research Center 2nd FL, 272-7, Munji-ro, Yuseong-gu 34050 Daejeon Korea
-----------------------	--	---------------------------	---

Type designation	ATS7002
-------------------------	---------

Codes and standards	ISO 26262-2:2018 ISO 26262-5:2018	ISO 26262-8:2018 ISO 26262-9:2018
----------------------------	--------------------------------------	--------------------------------------

Intended application	The ATS7002 fulfils the requirements of a Safety-Element-out-of-Context according to ISO 26262:2018. It can be used in automotive safety applications of up to ASIL D.
-----------------------------	--

Additional guidance was taken from following standards:

- ISO 26262-4, Clause 6.4.2 - Safety mechanisms
- ISO 26262-10 - Guidelines on ISO 26262
- ISO 26262-11 - Guidelines on application of ISO 26262 to semiconductors

Specific requirements	The instructions of the associated Safety Manual shall be considered.
------------------------------	---

Valid until 2027-08-10

The issue of this certificate is based upon an examination, whose results are documented in Report No. 968/FSP 2418.00/22 dated 2022-08-09.

This certificate is valid only for products which are identical with the product tested.
